## PRODUCT FEATURES

### MORE THAN 300 DIFFERENT DRINKS IN ONE MACHINE

#### EASY DIGITAL DISPLAY

Thanks to its split touch display, this machine allows you to prepare an espresso, americano, and dispense steam and hot water with just one click.

#### FAVORITE COFFEE

thanks to the 'your favourite coffee' function, you can set your favourite coffee so that you can then brew it with just one click

#### MAXI CAPPUCCINO DEVICE

The automatic Cappuccino Device is perfect to prepare Cappuccino, Caffè Latte and any other milk-based beverage with a delicious, creamy and rich milk froth.

#### AUTOMATIC GRINDER

Inside the machine is a professional conical grinder and a washer that makes it easy to select the preferred grinding degree. the capacity of the coffee bean tank is 150g.

#### CUP LIGHT

Under the coffee spout there is a small light, which switches on automatically while the drink is being dispensed and illuminates the cup.

#### EASY CLEANING

The drip tray, the cup-holder grid, the water tank, the coffee ground container, the water collection tray, the brewer and the wand are all removable for a better cleaning. In addition, inside the package is a cleaning brush and a cleaning needle
